परीक्षार्थी उत्तर

Section-C19. Maslow's Theory of Motivation:-(i) Physiological Needs :-

These are the basic and primary needs of an employees. These needs are to be fulfilled at any cost. These needs includes food, clothes, shelter, healthy environment etc.

If the management fulfilled these needs of employee then there is no need to motivate more.

(ii) Safety Needs :-

After satisfying physiological needs an employee tries to satisfies his safety needs. Safety needs are also known as security needs.

There are two types of safety needs:-

(a) Physical Safety :-

Safety of health from illness, death, accidents etc.

(b) Economic safety :-

Safety in old age such as pension plans, retirement plans.

20. Qualities of a Successful leader :-

(a) Sound health :-

"Sound mind stays in a healthy body"

Sound health is an essential quality of a leader.

If a leader has sound health than he always motivates and influences his followers. A leader always feel enthusiastic about his work if he is healthy. If he feel tiredness than he can't influence his followers.

PSER-167/2020

(b) Sharp intelligence :-

A leader should be smart and intelligent.

If he has sharp mind than he can make decision easily. His intelligence will always influences others. In a research it is concluded that leaders are more intelligent than his followers. This is an very important quality of an successful leader.

21. Principles of Management propounded by Henry Fayol:-

(a) Division of work:-

This principle assumes that the instead of giving a whole work to the employees, they are giving a small tasks according to their interest and desire. In this, The whole work are divided into small tasks and each task is given each employees. This principle results in coordination among the employee.

(b) Authorities and Responsibilities:-

Authorities and responsibilities are the two sides of a coin. Authority means 'Power to take decision' and Responsibility means 'Obligation to complete the given work'.

An employee must given work with some authorities. There should be a right amount of responsibility and authority, if responsibilities are more on an employee than he does not feel enthusiastic about his work and if the amount of authority is more than the employee becomes lazy in doing work.
